

Quality of life and an enduring source of nourishment

The Norinchukin Bank hopes that all people will be able to enjoy the benefits of nature's abundant offerings as well as the advantages of a comfortable life. Our mission is to fully support Japan's primary industries as the central bank for Japan's agricultural, forestry and fishery cooperative system. Through this support, the Bank aims to contribute to a better life for the people of Japan.

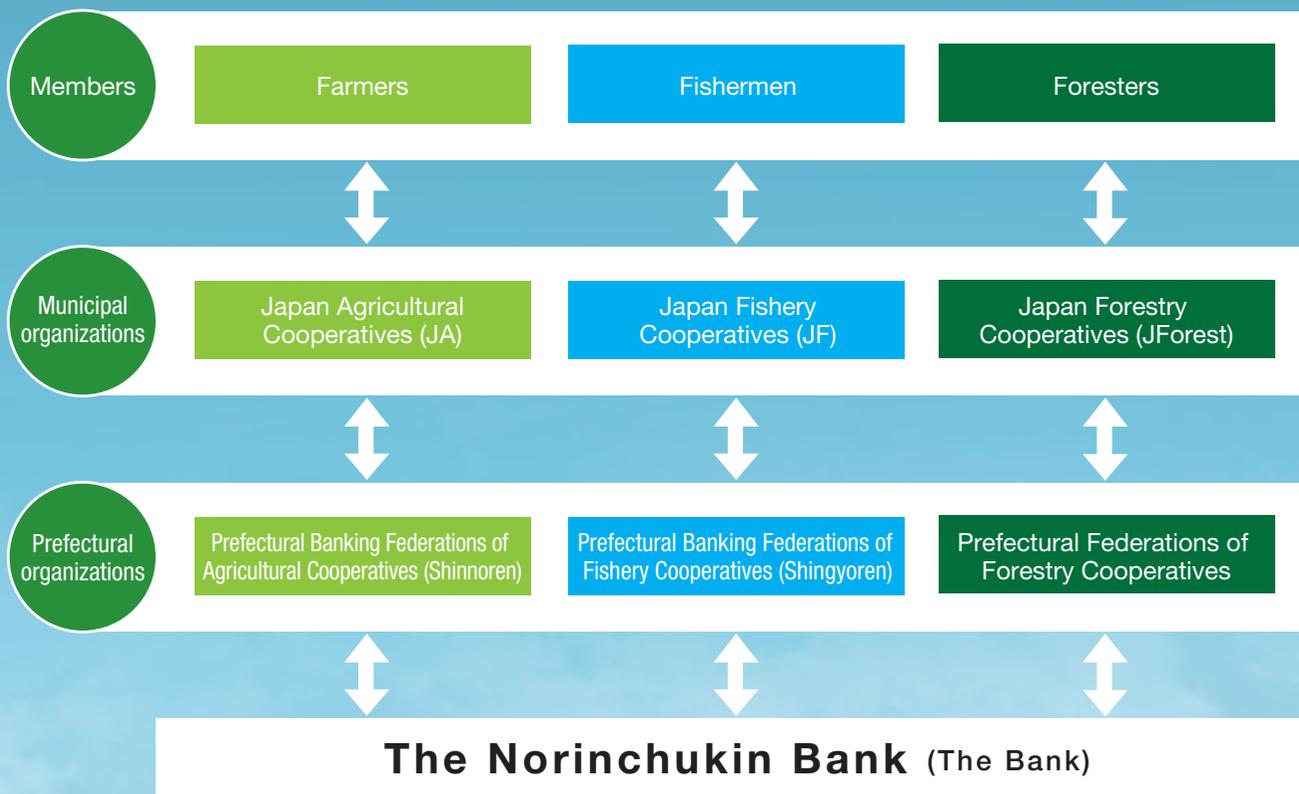

Supporting core farmers, who will be the backbone of the Japanese agricultural industry of tomorrow; reforesting lands to protect and preserve the natural environment and its resources; and, working to secure stable profits through global investments as one of Japan's leading institutional investors, are some of the major activities we undertake in fulfilling our mission.
