

Revitalization of Local Communities

● Initiatives to Cope with the Prolonged Impact of the COVID-19 Pandemic

The AFF industries, the foundation of the Bank's business, have been affected significantly by the prolonged impact of the COVID-19 pandemic. As a member of JA Bank and JF Marine Bank, the Bank has facilitated financing for businesses, including low-interest rate loans for AFF business operators. Moreover, cooperating with government agencies and our peer organizations, the Bank promotes non-financial initiatives as well, including helping to find buyers of agricultural produce, to reduce excess inventory.

● Smartphone Classes Aimed at Eliminating the Digital Divide Throughout the Country

The presence of digital services in our daily lives is rapidly increasing. Smartphones have become an increasingly important infrastructure tool in individuals' lives. Since July 2021, the Bank operates the "JA Smartphone Class" nationwide together with JA Zenchu, in collaboration with a leading smartphone operator, to meet the needs of local residents. Efforts aimed at eliminating the digital divide are being promoted by offering JA facilities nationwide to serve as venues for digital experiences.

● Training of Next-Generation Farm Operators

As the main sponsor of AgriFuture Japan, the Bank encourages the training of next-generation farm operators through the Japan Institute of Agricultural Management, which is operated by the association. Since the opening of the institute in 2013, 101 students have graduated and begun farming nationwide. At present, Class of 2021 and 2022 students are studying hard, encouraging each other at the institute located inside The Norinchukin Bank Shinagawa Training Center.

● Stronger Collaboration with the Japan Agricultural Corporations Association

In February 2014, the Bank entered into a comprehensive partnership agreement with the Japan Agricultural Corporations Association, a public interest incorporated association, consisting of pioneering agricultural corporation members nationwide. By utilizing the Bank's network, the Bank provides a wide range of support for the creation of new customers and the export of agricultural and livestock products toward solving issues that the association's members face.

● Agricultural, Forestry, and Fisheries Future Fund

To support initiatives of agricultural, fishery, and forestry workers/business entities, the Bank established the "Agricultural, Forestry, and Fisheries Future Fund" in 2014, to which the Bank contributed ¥20.0 billion. The Fund has provided subsidies for 53 projects.

● Initiatives to Donate Food and Farming Study Materials

Toward the development of local communities, the Bank supports and encourages initiatives such as donating study materials on the theme of agriculture and food for fifth graders in primary schools. Since fiscal 2008, the Bank has distributed more than 19 million books cumulatively to primary schools nationwide and Japanese schools overseas. In fiscal 2021, we donated about 1.3 million books.

● Wood Solution Network

The Bank operates the Wood Solution Network (WSN), which consists of lumber-related companies and groups, in liaison with an endowed research department studying lumber-using systems at the University of Tokyo. The aim of WSN activities is to achieve the knowledge and wisdom to tackle challenges and promote the expansion of lumber use. The WSN activities are in the second *cours* currently, and that *cours* focuses on facilitating an understanding of the benefits and importance of lumber use among local authorities by using the WSN's guidebook to promote the use of wood for nonresidential construction, as well as on the effective utilization of the Forest Environment Transfer Tax regime and wood-use advocacy from SDGs/ESG perspectives.

● Expand Domestic Lumber Use and Provide Wood Use Education

As support for initiatives that contribute to the expansion of domestic lumber use and the development of forests and the forestry industry, the Bank has created and donated wood products, sponsored tree-planting events, and subsidized wood-use education activities, in alliance with JForest and its cooperative organizations.

● Nochu Potential Forest Productivity Fund

Established in 2005, this fund—which had been operated as the Norinchukin 80th Anniversary Forest Rejuvenation Fund until 2013—subsidized 108 projects nationwide over 18,000 hectares valued at ¥2.14 billion by the end of fiscal 2020. This fund contributes to the

regeneration of degraded privately owned forests across the country by subsidizing forward-looking projects that aim to maintain the public benefits and multiple sustainable functions of forests.

● Support Project for JF Women's Groups/Youth Groups

To support the activities of JF Women's Groups/Youth

Groups and maintain and rejuvenate the foundation of local fishery businesses, since fiscal 2013 the Bank has subsidized cooperatives' campaign activities and expenses for training sessions related to life plan support.

In addition, in alliance with *Umitonagisa*, a public fund for environmental beautification, and to address oil contamination, the Bank has supplied cleaning tools for JF to support coastal cleaning activities.
